

Unit 1: Earning, Wages & Tax

Lesson 1

Lesson 1 – From Job to Wage

Role: New employee starting work

Learning objective: To develop pupils' understanding that different jobs have different pay levels linked to skills, responsibilities and qualifications, and to introduce the concept of annual salary.

Pupil objective: I can explain different ways people are paid for a job.

Maths skills highlighted: multiplication, place value

PSHE links: careers, aspirations

Lesson 2

Lesson 2 – Understanding a Payslip

Role: Employee receiving first payslip

Teacher objective: To interpret gross pay, deductions and net pay.

Pupil objective: I can read a payslip and explain why the amount I receive is different from the amount I earn.

Maths skills highlighted: addition, subtraction, reasoning

PSHE links: rights and responsibilities

Lesson 3

Lesson 3 – Why Tax Exists

Role: Citizen contributing to society

Teacher objective: To understand why tax is taken and how it supports public services.

Pupil objective: I can explain what tax is and describe how it helps pay for things everyone uses.

Maths skills highlighted: percentages, addition and subtraction

PSHE links: citizenship, fairness

Unit 2: Spending, Value & Emotions

Lesson 1	Lesson 1 – Needs, Wants and Adult Choices Role: Independent adult managing essential costs Teacher objective: To apply wants and needs to real-life situations. Pupil objective: I can decide which expenses are needs and which are wants and explain my choices. Maths skills highlighted: addition, comparison PSHE links: decision-making
Lesson 2	Lesson 2 – Value for Money Role: Consumer choosing between deals Teacher objective: To evaluate value rather than price alone. Pupil objective: I can compare different options and explain which gives the best value for money. Maths skills highlighted: division, fractions, comparison PSHE links: consumer awareness
Lesson 3	Lesson 6 – Emotions and Money Role: Adult experiencing pressure Teacher objective: To recognise how emotions influence financial decisions. Pupil objective: I can explain how feelings might affect the way people spend or save money. Maths skills highlighted: none (intentional) PSHE links: emotional wellbeing

Unit 1: Earning, Wages & Tax

Lesson 1	L.O. Can I explain how money can make me feel?
Lesson 2	L.O. Can I choose a safe place to keep my money?
